Subject: RE: Grocery Cart Removal

Rob

We would have to do this on a Saturday to avoid pulling personnel from the junk pickup crews.

The cost for a driver, laborer and truck for four hours would be \$318.00. That should be sufficient to cover all the main and connector streets in the district. Because these people would be on overtime we have a four hour minimum by contract and that should be sufficient to cover the problem areas.

bob

Equipment Operator: 4hrs. X \$15.37/hr. X 1.5 = \$92.22

Laborer: 4hrs. X \$12.63/hr. X 1.5 = \$75.78

Total: \$168.00 X 25% fringes = \$210.00

Truck: 4 hrs. x \$27/hr. = \$108.00

Total: \$318.00

Hey Bob -

Good seeing you the other day -

looking forward to seeing the quotes for a team of SWMS employees to recover carts in our area.

Have a good weekend.

Rob
